**Note:** Items Hand I are optional. Completing these items will assist EPA and State and local governments in locating and assessing hazardous waste sites. Although completing the items is not required, you are encouraged to do so.

**H Sketch Map of Site Location: (Optional)**

Sketch a map showing streets, highways, routes or other prominent landmarks near the site. Place an X on the map to indicate the site location. Draw an arrow showing the direction north. You may substitute a publishing map showing the site location.

**I Description of Site: (Optional)**

Describe the history and present conditions of the site. Give directions to the site and describe any nearby wells, springs, lakes, or housing. Include such information as how waste was disposed and where the waste came from. Provide any other information or comments which may help describe the site conditions.

Disposal at these locations began in 1965 when burning of wastes was stopped by the local Air Authority. Southernmost site (2 acres) used from 1965 to 1972. Northernmost site (13 acres) operated as a licensed landfill from 1972 until 1980 when it was closed in accordance with County Solid Waste regulations. Disposal of Solvents on-site was discontinued in 1978. Since then they have been recycled. Total amount disposed of on-site is strictly an estimate based on current usage. Three monitoring wells were installed in 1979 and are sampled on a monthly basis.

**J Signature and Title:**

The person or authorized representative (such as plant managers, superintendents, trustees or attorneys) of persons required to notify must sign the form and provide a mailing address (if different than address in item A). For other persons providing notification, the signature is optional. Check the boxes which best describe the relationship to the site of the person required to notify. If you are not required
